

MINH ANH NGUYEN

FRESSER AI ENGINEER

TARGET

Hi, I am Nguyen Minh Anh, 21 years old this year, I am currently a 4th year student majoring in Electronics and Telecommunications, School of Electrical and Electronics Engineering, Hanoi University of Science and Technology .

However, I have a passion for AI research, Computer Vision orientation and the goal of becoming an AI engineer/Computer Vision Engineer/Data science

EXPERIENCE

AITHINGS LAB - SEEE - HUST

Position : Laboratory Assistant

03/2022 - now

- Research and development of smart traffic camera system
- Use natural language processing models such as: paddle OCR, --- teserract OCR, ...
- Learn and use modern detection and tracking models such as: YOLO, Deep SORT, bytetrack,...
- Use machine learning model: Deceision tree, KNN, Random forest ,ada boot
- Create a management website using django

PROJECTS AND RESEARCH

- **AI Camera for traffic in Vietnam**/Python, Machine Learning, Deep Learning
- Paddle-detect-license-plate**/ Python, opencv, paddle ocr
- Manage primary school**/ Python, django, html, css
- real_ESRGAN**/ Python, super resolution

CERTIFICATION

MARCHINE LEARNING

Marchine Learning Specialization
Coursera

12/2023 - 1/2024

☎ 0327486481

📅 20/01/2002

📍 150/26 Tankhai/ Hanoi

EDUCATION

HANOI UNIVERSITY OF SCIENCE AND TECHNOLOGY

Major : Electrical and Electronics

08/2020 - 06/2024

CPA: 2.94

SKILL

PYTHON:

NumPy, SciPy, Matplotlib,Pandas, sklearn, torch, SQL

Tool: My SQL, github, CVAT, gg colab

ENGLISH

- TOEIC: 535
- Able to read and understand documents and research papers

HOBBIES

Reading

Sport

Travelling
